**Introduction**

I am Princess Stella of Moldovia, 42nd in line to the throne, after all my uncles, and aunts and cousins.

I am a Royal princess - I will graciously allow you to call me Your Royal Highness. Princesses are always gracious.

Don't be too familiar with me. Even gracious princesses do not like familiarity.

Let me inspect the clock. I have lots of clocks just like this in my gracious palaces back home in Moldavia.

Oh yes, this is the genuine article. A gracious example of a seventeenth century French clock, in very good condition. Absolutely priceless.
